

# SLII. Powering Inspired Leaders

## PRODUCT OVERVIEW

# The SLII Experience™

With business moving at a blistering pace, there's more pressure than ever for leaders to be effective at leading successful teams. But often, they don't have the skills to be the agile, adaptive leaders they need to be and struggle building meaningful connections with their people to drive results.

It's not for lack of trying or wanting to be great leaders. Research has shown that most leaders use one leadership style—so they don't know how to unleash the potential of their people.

They need to *learn how* to lead situationally.

Blanchard's SLII® empowers leaders to become adaptive—a requirement for our uncertain times. Backed by 40 years of research and an unmatched track record of results, The SLII Experience™ teaches your leaders how to lead situationally by giving their people the right support or direction at the right time.

SLII enables leaders to build deeper relationships—with their work, their company, and their colleagues—making every day more inspiring, motivating, and meaningful.

Training your managers to be situational leaders will result in:

Accelerated Development

A Common Leadership Language

Increased Retention and Morale

Proactive Problem Solvers
